Subject lessons are delivered Monday – Thursday and comprise of: • Maximum group size – 15 learners per class. • 4 x 40-minute live lessons per week delivered by fully qualified subject specialists. • 4 x 30-minute teacher-assessed supported independent work per week after every live lesson to reinforce understanding. • Online lesson archive accessible for learners outside of lessons to consolidate learning. • Access to Inspired AI, powered by Century AI, which offers learners a personalised pathway of micro lessons with real-time assessment and feedback aligned to their courses and managed by the teacher. Pay As You Go (PAYG) - Minimum term: 1 Week Payment: Monthly in arrears Cost per week per subject per learner: £68.00 (Ex VAT) Half Termly In Advance* - Minimum term: 5 Weeks Payment: Pay in advance (30 days from receipt of valid invoice) Cost per week per subject per learner: £65.00 (Ex VAT) Termly In Advance* - Minimum term: 10 Weeks Payment: Pay in advance (30 days from receipt of valid invoice) Cost per week per subject per learner: £62.00 (Ex VAT) Annual In Advance* - Minimum term: 30 weeks Payment: Pay in advance (30 days from receipt of valid invoice) Cost per week per subject per learner: £53.00 (Ex VAT) * If a learner leaves the provision early, the service can be transferred to another learner and tailored to meet their individual need including changing subjects, timetables, and Key Stages.

PLEASE DESCRIBE YOUR OFFER.

Academy21, the UK's leading 'live' online alternative provision specialist, is accredited by the DfE through the Online Education Accreditation Scheme. Through flexible programmes and excellent teaching, we bring a balance of

pastoral support, academic challenge, and educational engagement to students with a broad range of needs. We focus on improving student confidence, supporting the work of our partners, and ultimately helping to reintegrate children back into education. We can help students who are too anxious to attend school, pupils who are disconnected from learning and routines or at risk of exclusion, vulnerable young people, those with chronic medical or additional needs, and many other learners facing unique challenges. We offer a range of courses that provide the opportunity for learners to achieve nationally recognised GCSE and Functional Skills qualifications. This includes English (Language & Literature, maths, science, geography, history, citizenship studies and ICT. We are not a registered exam centre but can provide dedicated support through the examination entry process. It is a mandatory requirement for enrolment that any learner in the exam year has a nominated exams officer for us to liaise and work with. Outcomes: • Well-prepared to transition back to mainstream education or other future pathways. • Opportunity to gain qualifications that are recognized and valued, such as GCSEs or Functional Skills. • Improved social skills and the ability to interact confidently in various settings. • Increased digital literacy through the use of innovative online learning tools. • Strong foundation in literacy and numeracy across all subjects.

PLEASE DESCRIBE ANY OFFER FOR ENGLISH AND MATHS

In addition to the core subject offering Academy21 deliver a compelling and comprehensive programme of courses and individual support that equips learners with special educational or additional needs to thrive in their learning and wider life. • Range of well-being and academic support courses • All courses are bookable in blocks of 10 academic weeks • Maximum group size of 10 learners • Each session is 40 minutes long Literacy Support (KS3 & KS4) This course provides an opportunity to consolidate and develop skills within a nurturing environment. It is recommended for students with dyslexia related needs, with knowledge gaps due to missed learning and those who struggle to meet age-related literacy expectations in the KS3 curriculum. It is also suitable for KS4 students who need extra support with the key skills needed to pass GCSE English Language. Numeracy Support (KS3 & KS4) This course provides learners with the skills to counter a lack of confidence in maths, thus tackling the potential for 'maths-based anxiety' that can affect some individuals. It is recommended for learners who struggle to meet age-related numeracy expectations in the KS3 curriculum and for KS4 learners who need extra support with basic, practical numeracy skills that will support them in employment or further education. Maths Support (KS4) This course focuses on

topics that are fundamental to success at GCSE such as calculation problems, simplifying algebra, probability, and data representation. It offers an increase in challenge to the numeracy support course. This is recommended for learners with significant dyscalculia, knowledge gaps in maths due to missed learning, or those who require additional support to be able to thrive in their learning English as an Additional Language (EAL) This course follows the internationally recognised Cambridge English Language Assessment curriculum, focusing on vocabulary and grammar used in English National Curriculum core subjects from key stage two to key stage four. Delivered by TEFL-qualified specialists courses are available for three levels of English competency.
