NAME OF ORGANISATION

Education Boutique

PLEASE DESCRIBE YOUR ORGANISATION

ABOUT US Welcome to Education Boutique! We're here to offer specialised Alternative Provision Tuition tailored for learners with Special Educational Needs and Disabilities (SEND), Social, Emotional, and Mental Health (SEMH) challenges, and medical requirements. We understand that each learner's journey is unique, and we're dedicated to supporting those who may face barriers to traditional education due to various reasons like school-based trauma, severe anxiety, Emotional and Behavioural Social Anxiety (EBSA), medical conditions, or mental health concerns. Our goal is to help them reintegrate and re-engage with education, overcoming any challenges along the way.

WHAT WE OFFER At Education Boutique, we work closely with schools, local authorities, and parents to provide personalised Alternative Provision tuition tailored to each learner's needs. Whether it's project-based learning at a foundational level or preparing for GCSE examinations, our approach is entirely personalised. From Early Years Foundation Stage (EYFS) to young adults up to the age of 25, we offer comprehensive support. We understand the importance of matching the right tutor with the learner. Our dedicated team strives to find the perfect match based on factors like personality, expertise, interests, and hobbies, fostering a strong rapport essential for effective learning. While in-person sessions are our standard offering, we also provide online tuition to accommodate diverse preferences and situations. Sessions can take place at the learner's home, within the school premises, or in educational environments like libraries or community centres. Rest assured, our tutors are highly experienced professionals rigorously vetted by our Vetting/Compliance Officer. Each tutor holds an up-to-date Disclosure and Barring Service (DBS) check registered with the Update Service, multiple references, valid work authorisation, and extensive experience in supporting learners with Special Educational Needs (SEN). Additionally, Education Boutique maintains two Designated Safeguarding Leads to ensure utmost safety and protection for all involved. After each session, our tutors meticulously prepare detailed lesson reports, providing insights into the session's progress, activities undertaken, learner engagement, and any pertinent information for ongoing assessment. Clients have access to these reports, which can be downloaded and utilised for reviews, forming a comprehensive portfolio of the learner's educational journey. Furthermore, we extend our support to schools seeking funding for learners with special needs, assisting them in navigating the process and accessing the necessary resources from the SEN panel. Trust Education Boutique to provide unparalleled support and guidance on the journey towards inclusive education and

academic success for learners with diverse needs. Education Boutique - Empowering Every Learner, Every Step of the Way.

AGE RANGE OF PROVISION

EYFS - 25 years old

PLEASE TELL US ABOUT COSTS PE

£58.33 + VAT per hour. Usually it is 1:1, however provision can be made for more than one learner in 1 session.

PLEASE DESCRIBE YOUR OFFER.

All our educators are highly experienced with tuition and working with learners with SEND. In the first few sessions our tutors build up a strong rapport with the learner as this is extremely important for the success of the tuition. They also do a gap analysis to see where the learner is in their education and to see if they have any gaps. All teaching is completely tailored to the learners needs. If there is a specific qualification needed for a learner, we can accommodate and find someone with necessary qualifications.

PLEASE DESCRIBE ANY OFFER THAT COVERS ENGLISH AND MATHS

All our educators are highly experienced with tuition and working with learners with SEND. In the first few sessions our tutors build up a strong rapport with the learner as this is extremely important for the success of the tuition.
