

Alternative Provision Listing.

Name of Organisation

Equal Education

Description of Organisation

Run as a social enterprise, we offer a range of specialist 1:1 tutoring programmes to provide targeted academic and pastoral support for vulnerable and disadvantaged students, including Children Looked After, those who are Adopted and those with Special Educational Needs. We take pride in working only with qualified teachers aligned with our social mission to help pupils overcome barriers to learning, increase engagement and aspirations. We offer Supplementary and Alternative Provision tuition programmes, both online and in-person tailored to the student's needs. Our Operations Team matches the student with a tutor who can best meet their needs, manages the delivery of our programmes and provides ongoing support throughout. We also offer a technology supply for students to learn remotely through device managed iPads. Since 2012, we've worked with 150+ schools, Virtual School, and Local Authority SEND teams across the UK. We work closely with parents/carers, tutors, schools, social workers and other professionals to provide the best support for the young person.

Age Range of Provision

Year 2 - 25 years old (SEND CODE)

Costs of Provision

£75 online ad £85 for in-person
