Offer description

A creative arts organisation with over 14 years experience delivering alternative provision. We have 3 courses on offer across the week, our "Business Box" course is centred around business and enterprise, our "Creative art & Photography" course teaches art & design and "Soundlab" is our music technology course. All courses carry nationally recognised accreditation and each course has a level 1, 2 or progress 8 qualification option.

On the learners initial visit to Pedestrian we can discuss what each qualification entails and make sure we agree the qualification that is the best fit for the learner. All qualifications are from the NCFE awarding body. We're proud to offer a range of courses that have a strong creative focus, the creative industries in the UK have long been surpassing growth levels of almost every other sector and bucking the trend of the national economy. The skills learners develop with us prepare them well for the employment market now and of the future.

Business Box offers learners the opportunity to explore their ideas for a startup business or develop them from scratch. The focus of this course is very hands on, how to take a business idea and develop it into a reality. Learners can run their own micro enterprise throughout the course, previous learners have used their businesses to earn money whilst learning about marketing, legal structures & business accounting.

Qualifications on offer: Level 1 Certificate in Business & Enterprise Level 1 or 2 Technical Award in Business & Enterprise (progress 8) Level 2 Certificate in creating a business startup.

Creative Art & Photography offers learners to study and explore a wide range of artistic mediums from traditional oil painting, illustration, graphic design, digital illustration, photography, printmaking, video editing and graffiti style art. The majority of the course is focussed around art creation and experimentation. Learners don't need any prior knowledge or art form skills to join and all our tutors are practising and successful professional artists. As with all of our courses Pedestrian take a strong mentoring approach to working with young people in a safe and supportive environment.

Qualifications on offer: Level 1 Certificate in art & design Level 1 or 2 Technical Award in art & design Level 2 Certificate in art & design Soundlab looks to develop young peoples skills in music technology to enable them to produce high quality music productions. The course covers everything from music lyric writing, DJ'ing, music video production, microphone placement, music business and distribution channels, sound creation and editing for film. The course has always proven popular amongst young people with strong interests in rapping, beat making, music and film effects and more recently creating music for games design. Our emphasis is always on quality production, learners have access to tutors actively involved as professionals in the music industry and we've had numerous past students go on to be successfully working within the music industry both locally and nationally, including national TV performances.

Qualifications on offer: Level 1 Award in music technology Level 1 or 2 Technical Award in music technology (progress 8) Level 2 Certificate in music technology

Offer for English and Maths

All our courses have embedded literacy and numeracy. We are currently exploring demand for offering specific literacy and numeracy quals.
