Comment	<p>CEP encourages students to develop work skills as part of their package of education. Each student will be offered pastoral support incl. life skills and work skills discussions and activities. CEP delivers at a practical level with real life business opportunities within CEP woodlands and / or catering venues.</p>					

	<p>Depending on the experience and competencies of each student several Awards across the academic year can offer a more rounded experience and progression into several areas rather than sole focus on one qualification.</p> <p>For example: By studying awards in both construction and land management the progression to either work related areas is more viable and a basis for additional study whilst in employment/ apprenticeships or further training.</p>
	<p>Checked by AS 07.19</p>
